Mrs. PATTER COWHILL

Health is strong, but right is always
right.

Autumn is settling on us. Long evenings to read and practice and study.

I

Benevolence has never yet failed any one, while selfishness has ruined thousands.

I

Royal October! Queen of the year. Yellow and red leaves are here. The words will soon be elsewhere.

—
I

A life well spent is worth any number of speeches—a man's or woman's. Life is the best test of his or her social worth.

—
I

It is all right to pay proper respect to the opinions of others, but we are in no way bound to accept them or allow them to change our own.

It is estimated that the University of Chicago, will confer the honorary degree of L. L. D. upon Admiral George Dewey. This University is not lavish with such honors and has conferred this degree upon but one person: President William McKinley.

—

One went to the World's Fair in Chicago for \$1000 dollars it was a "success." To go to the Paris Exposition on a hundred is simply laughable. I'd hate to start with less than five hundred and then a month at such a place would only give one a confused idea at best.

—
I

Dewey is a fine diplomat as well as a fine Admiral—for instance—"Let my home be modest enough in appointment and cost to permit the retention of a sufficient sum of money from the purchase fund to defray the expense of farabarding." Dewey is no more entitled to all of that than any other true soldier, even a private.

The last day of the Democratic carnival in conjunction with the Texas State Fair, Dallas was the most successful from point of numbers of any political gathering in the history of the State. Fifty thousand people were present. Mr. Bryan was accorded a remarkable ovation. Judge Tarrin, of Kentucky, spoke. The dinner dinner was the feature.

As I sit at my window writing I have in one neighbor's yard a most beautiful large autumn tree—a maple. I do not believe there are two leaves on it the same tint and shade. Across the way in another yard is a cherry tree full bloom, heavy with fragrant flowers. It has a Southern exposure. Isn't this a very unusual occurrence? A cherry tree heavy in bloom in October? The continued warm, dry season has caused it to suppose.

I have by Bay View, a letter asking what the prospects are for a circle. Mrs. John W. King, of the Bay View, writes me: "I have seen two of the Bay View—magazines—perfect gems of thought. This year is Russian year. The Russian Empire is assuming much importance now, anyone can spend a delightful year there, as the circle did in England in Germany, France, all rich fields of study. A Circle cannot be formed here. A few very few would like ones. Too much trouble for Irvington's real we cannot give."

—
I

"The rich of the Commonwealth, Are free, strong minds, and hearts of gold. And more to their gold or gain,

The cursing hand, the cultured hand."

What a truly beautiful compliment from Whittier, to a rounded, well-balanced life—writer, activity, and culture. Apply these words to the ideas of Irvington and Bewseywood, last summer at the Bay View—Circle. It is indeed wonderful how they strive for larger usefulness, greater happiness, and intelligent themes. How the discussion of serious themes helps! And the Association with bright minds and best hearts will teach us to re-think "the riches of the Commonwealth."

I

Noticing in this paper last week on edict concerning "trusts" reminds

me of a statement Henry O. Havens, the great "youth king," made some time ago. Something like this if I remember aright: "The mother of all trusts is the custom's tariff bill." He is at the head of one of the greatest trusts in the country, and he has pointed out that no industry should be protected by a tariff higher than 10 per cent. What party put those duties there? As long as that party is in power they will stay.

—
I

There is great excitement in London over the youth king. The interest among the water seamen general in the race for the American's Cup. We have become to assume that the yachting supremacy of the world lies on this side of the ocean; that any evidence to the contrary is repulsive and yet a dozen racing yachts are built in British waters to no American water. We have heard talk in our Columbus and the Shamrock "is an extremely smart boat."

—
I

I am always glad to see a letter in the paper from Mr. J. D. Jolly. He is a fearless writer. He is never intimidated and comes out boldly on the side he advocates. He is exactly right on the subject of standard and popular education. Those who are interested object to little pictures who would fain strive to place a stigma upon one who is infinitely above him or her. But invariably those who depredate others fail to realize themselves. Every, melipe and snake alike those who indulge in them.

Mr. Charles Thurnam and Owen Dowell, Dr. James G. Bandy and Miss Hettie Hale, of Irvington, attended school at Salter last Tuesday.

Mr. Charles Hale and wife, Mrs. Hale, and Misses Hendricks and Mrs. Hale were the guests of Mr. and Mrs. Jake Mills Tuesday.

A letter has been received from Tom Smith and Jake Frail saying they are dismantled in Texas and are going to Oklahoma. We would be glad to welcome them back to Kentucky.

Mr. John Wright, of this neighborhood, has been elected to the office of constable. He leaves a husband and three children to mourn her loss. They have the sympathy of the entire community in their sad bereavement.

—
I

Mr. Chris Hale and family, Mr. Nick Hale and wife, Mrs. Luisa Hendricks and children, spent the day with Mr. S. B. Dowell last Friday and had a good time, but the best of all was the dinner. Mr. Hale is one of the best cooks in the community and knows how to make every scone feel at home and have a good taste.

I

The death angel has visited the home of Mr. and Mrs. John Durbin, and claimed for its victim, their eldest daughter, Mina Fennel. We would say to the bereaved parents, brother and sisters, ne'er was there as those who have no hope, no comfort, no consolation. The love of the Lord will still be near and willing to go when the summons comes to come up higher. We would say to the dear brothers and sisters to prepare to meet her in heaven, where parting shall be no more.

Remarkable Rescue.

Mrs. Michael Curtiss, Plainfield, Ill., married October 1st, that she could not find which settled in New York, and was treated for a bad cold by her family physician, but grew worse. He told her that she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought bottle end to her delight and took it faithfully, perfectly delighted to find that her cold was gone. She continued his use and after taking six bottles, found her sound and well; she does her own housework and is as well as she ever was. Free trial bottles of this Great Discovery at Short & Heyen's Drug Store. Large bottles 50 cents per bottle.

Hazel Day opened school at Lookout Monday October 22nd.

All Oakhamen and Marion Star, attended church at Steppenport last Sunday.

A. C. Clyburn and Foster McHugh went to a dance last Thursday.

Crofton Cannings has rented the L. B. Hall farm which was occupied last year by Wash Hickerson.

Our pastor, Bro. Z. F. Ferrell, is an earnest, consecrated man, an excellent preacher and a good pastor, and we are very much in hopes that he will accept the call that the church gave him last Saturday.

Mr. and Mrs. Henry Cashman and little daughter and Mrs. Wm. Robertson, of Washington, D. C., have returned early of this year, after spending several weeks with friends and relatives here, rejoined some home Monday, October 2d. Mrs. Hyatt Jerrett accompanied them as far as Covington.

Dr. G. Shively, of Stephenson, went back to Owego, his former home, and secured to himself a happy bride in the person of Miss Anna E. Johnson, a member of the Walnut-street Baptist church, and a very highly respected young lady.

The writer extends congratulations and wishes them every joy that heaven can send.

How strange, and yet how true, that a great many Christian people do not seem to think themselves responsible for the way they treat the poor of their church.

Mathinks the Bachelor of the world looks over at the modern Jerusalem as he did at the ancient city, and condemns Jerusalem, Jerosalem, when men killed the prophets and stoned them that are sent to them. Who would I have

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Marion, Ky., has been a slave for 18 years. His wife and two children were sold into slavery before he was born. His wife died last year. He is now located at Triple Creek, Ohio, and is associated with the Anti-Slavery Society. He is a clog on the political atmosphere in Kentucky, and strained and that the campaign for governor is perhaps the warmest ever known in the Bluegrass state.

CHARLEY CASHMAN NOW LOCATED AT CRIPPLE CREEK, COLORADO.

The many friends of Mr. C. F. Cashman who formerly held a responsible position with the Bank of Hardinsburg at Hardinsburg in this county will be glad to know that he is now located at Cripple Creek, Colo., and is associated with the Anti-Slavery Society. He is a clog on the political atmosphere in Kentucky, and strained and that the campaign for governor is perhaps the warmest ever known in the Bluegrass state.

Young Man Gone West.

The Colorado Spring's Telegraph says: "Mr. H. M. Beard, a prominent young man of Hardinburg, Ky., has arrived in Colorado Springs and will probably make his future home there. He is now a clog on the political atmosphere in Kentucky, and strained and that the campaign for governor is perhaps the warmest ever known in the Bluegrass state."

STORY OF A SLAVE.

Was the result of his splendid health, I demand, will the slaves ever be free again? No! they are not found where Slaves, like Kildnays and Bowls are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pill. They develop every power of brain and body. Only \$25 at Short & Hart, Haynes, druggists.

LARGE MUSIC CLASS.

There are fourteen names enrolled at Miss Hale Owen's music class, and she is giving more lessons during the winter. This is a creditable record.

CAPT. PENNY RESIGNS.

Capt. Penny, who for ten years has been superintendent of the Louisville & Frankfort Mail Line, and for years has been captain, has resigned. His failing health forced him to retire from active business.
